**A**ircrew flight training academy headquarters may be located in the Domestic Airport, Domestic Road, Metro Manila. We at AFTA (Aircrew Flight Training Academy) are dedicated to train qualified students to enter their airline dream career or simply become their own private pilot with the highest standards and strongly grounded morale.

Our manpower is backed by professional maintenance engineers and top tier pilots who will give these students an excellent understanding of every phase of the flying training.

The company is properly organized to meet the needs of every student that is going through an intensive course under a well tailored training syllabus acceptable to every foreign and local civil aviation authorities. Our School is committed to train our students with the highest level of accuracy and we are dedicated in providing the best flying techniques and methods.

Also, every student with us is required to go through an On-The-Job training. Giving them the chance to experience the actual scenarios of charter flying while allowing them to gain a real grasp of their future in the Aviation world.
