Professional Experience and Curriculum Vitae

Karl is a graphic designer, illustrator, art director and an aspiring contortionist based in Bukidnon, Philippines. Nope, he doesn't live on top of a mountain but he runs his small design studio in a renovated room of his older sister located in Manolo Fortich (With a functional electric fan and hipster lights) that's a 45-minute ride to Cagayan de Oro.

He finished his bachelor's degree in Fine Arts (Majoring in Advertising Arts) at the University of San Carlos.

He specialises in branding, identity, and always aspires to put the 'yaaaassss' factor in each of his client's brand. He believes that for a brand to be successful, not only does it looks good but also serves a unique functionality that appeals to its audience.
