## Professional Experience and Curriculum Vitae

suto\_interior\_architects is a design studio established in 2000 and based in budapest , working in europe and worldwide

specializing in design of modern home-interiors and commercial projects like offices, bars and restaurants.

founders: kata suto - interior architect and laszlo suto - design manager

our work includes interior architecture , interior decoration , product and furniture design, project management as well

principles of our design: situating functions, into the designed interiors as generously as possible . quality, long lasting, but moderate use of materials together with up-to date technologies.

our strategies: taking personal care throughout the projects from conception to completion . honesty, consistency, promptness and keeping deadlines
