Professional Experience and Curriculum Vitae

Simon Kwan and Ed Dean form the creative partnership, lgcldesigns. Based in Shanghai, the American-British duo came together to design and develop elegant product solutions to everyday problems.

Previous Clientele

Lgcldesigns is an independent development partnership. We look for interesting collaborations on a per project basis.

Our first project is an iPhone case that makes it easy for international travelers to swap and safely store SIM cards. The SIMPLcase can also adapt any credit or membership card as a makeshift stand in both vertical and horizontal viewing positions for hands free convenience.

Currently crowdfunding on Kickstarter for iPhone 5 (<http://kck.st/WmHUr9>) and iPhone 4/4S (<http://kck.st/Xuh2Zg>)
