## Professional Experience and Curriculum Vitae

My name is Louise Mead, and I'm an internationally-collected painter of whimsical and abstract art. I grew up in Torquay, Devon although I now live in Reading, Berkshire, in the UK, where I have lived for the last 15 years. I draw influence from lots of things although nature is one of the most common themes in my work. At the moment, I really enjoy creating tree art and flower paintings – trees are one of my favourite thing to paint as you can see from the growing collection of tree art and tree paintings in my portfolio.
