Professional Experience and Curriculum Vitae

Maisonette is a creative graphic design studio based in central Auckland, New Zealand. We are print aficionados that champion compelling typography and clean design.

We help medium sized-businesses communicate more effectively with their audience by integrating compelling visual strategies that get attention and engage.

Maisonette specialises in art direction for longer documents such as magazines, brochures, manuals, booklets, newsletters and reports. Our studio has also enjoyed creating a diverse variety of projects from logo/branding design and advertising to illustrations, posters and website interface design. Our broad experience was honed internationally for a number of years in both the UK (London) and Canada before setting up the studio in Auckland.

If you'd like to talk to us about a project, collaborate, or request further information about any of the work you've seen on our website; please get in touch.

Specialised Taxation Support for Chartered Accountancy Firms

Summary of WHK

With six regional offices throughout New Zealand, WHK is a full service accounting and business advisory firm. WHK has gained a reliable reputation within business, finance and professional communities for advice, services and expertise to every day New Zealand businesses and international clients.

WHK offers its clients and partners a range of specialised services at a level not normally accessible to every day New Zealand businesses.

This extensive range of specialised services includes:

- Tax Consulting
- Audit and Assurance
- Accounting
- Corporate Finance
- Corporate Recovery
- Forensic Accounting
- Business Advisory Services

Our relationship with local Chartered Accountancy firms

WHK understand that trusted client relationships take years and local Chartered Accountancy firms form close bonds with business owners and entrepreneurs.

As accountants, we also know that your clients want three key things from you. They want you:

1. To know and understand their business
2. To be efficient and timely in the work you do for them
3. To be the source of expertise and advice in areas that affect them

better advice for a better life
