Professional Experience and Curriculum Vitae

Young French product designer actually based in Paris, seeking a position in PARIS area or WORLDWIDE (Asia), to become part of a creative team. Really motivated to grow up with a studio, imaginative, I want to do with you design that makes sense! I Speak French, English, Spanish a bit, and I Learn Thai for 2 years. Feel free to contact me !

STUDIES

- 2004 : Diploma, Certificate of specialisation in Product Design. 2 projects :

- Bubbl' beat : a cushion with speakers with a water bed on it, allows a Dj to rest, but also stay in contact with his music, the vibrations of the water bring sound to ears through bones & stomach.

- Arigato : A top-class desert, inspired by the new way of eating with asian style, like a game. The desert i like a game, you have 16 pieces and 4 japanese tastes in them (lotus, ginger, cherry lychee) to share with friends & to eat with sticks.

- Anthem : Snowboard mask inspired by insects shapes, especially ants, with a stretch part all around the head it fits well to any head, the attach part have magnets to help closing. In the front there are 3 aerations parts, two on both part of the nose.

- 2003/2004 : 3rd year of product design - Creapole ESDI school of creation & management, Paris.
(creation workshops, sketches, scale models, technology, 3d modeling).

Professionnal project : Motocross boots (range of 4 models)

Creation of a range of 4 models of motocross boots, keep the colors of the brand, but improve using points.

Design competitions :

- "Froid devant!" (Create a new refrigerant furniture for supermarkets, reconsider the atmosphere, create an ambience for the consumer to be more attracted to buy products).

- "Urban Art" (Create installations for advertisements boards in the street, project that uses actual architecture like train bridges, to concentrate all the advertisements of the place, under them, also give the possibility to walk around the place with a way you can see on the floor, when you walk there are sensors that display an ad, the rest of the time, big ads are for cars).
(Competition in association with Therdsiddhi Hoprasartsuk).

- 2002/2003 : 2nd year of product design - Creapole ESDI

Design competitions :

- "Comité Colbert" (Create a smart brief-case for S.T. Dupont).

- "Lighting design award" : Wavy is a swivelling wall lamp, that allows 2 positions of lightening, one give a ambient light on roof and the rest of the room, the other position allow to have a workspace under the light.

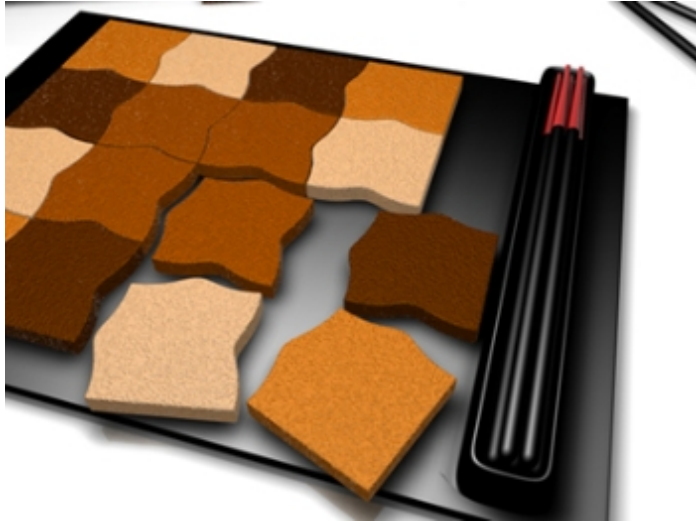

- 2001/2002 : Evening classes - Creapole ESDI

(Drawing techniques, sketches, graphic design, transportation design)
