Professional Experience and Curriculum Vitae

My name is Marie Sturges, and I am not your typical girl. I can be completely random, and I am usually a very energetic person. My all time favorite color is electric blue, and I love creating art on the computer. I am a freshman in college who plans to major in graphic design and photography at the Lamar Dodd School of Art at UGA. Photography is my thing and I would be very pleased to be chosen as your photographer!

I like to focus on photography taken in natural lighting. Casual and natural is my style. I want to capture everything that is unique about a person, and I don't go by the rules of traditional photography.
