Professional Experience and Curriculum Vitae

About me:

I am Marcus Jones, a furniture designer / artist and world traveler. I only make and create one of a kind furniture art works, specially suited to my clients wishes, either their interiors, their lifestyle or a design based purely on their personality or desires.

I am a time served professional Cabinet maker - with a Bachelors of Arts degree with honors in furniture design and craftsmanship (BA Hon's). I design and make all my work by hand, attention to detail is paramount.

My business:

Marquess is a new and up and coming luxury brand in Holland - Netherlands. We are always seeking new challenges and are constantly pushing the veiled envelop of furniture design. Our Kokiri table was exhibited in the Millionaires Fair in Amsterdam 2011 - after which we had a special invitation to the Royal luxury Exhibition in Monaco for 2013.

If you you cannot find what you are looking for in the shops, then you won't be able to find our products there either - you can't buy our products anywhere except from us or from our exclusive suppliers. We guarantee all our work and ensure only the every best quality materials are used.

We can export to any where in the world.

We make functioning furniture art!
