Professional Experience and Curriculum Vitae

I am 19 years old and already very experienced. I've been working as a freelance artist in this field for over three years now and loving every second of it! I like to do a lot of styles and different mediums. Next to my freelance work as a Illustrator, Digital Artist and Graphic designer I am currently studying Vormgeving Communicatie (translated: Design & Communications) in Groningen, The Netherlands.

I hope you all like my work and I would love to hear from you!
