LIVE IN SWEDEN

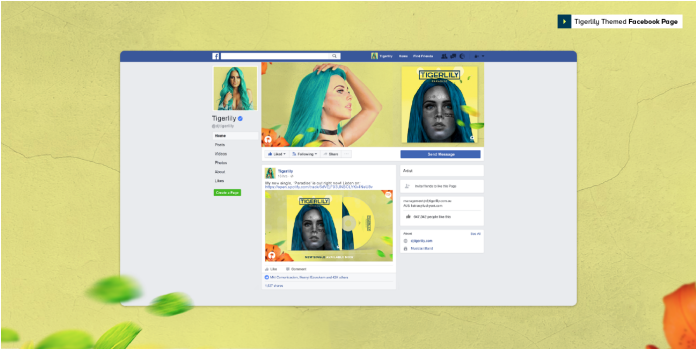

Logo created for the tour

For the design, I used only yellow and grey scale for the illustration, leaving Rose's face as the focus of the poster for the event.

I decided to use sober typefaces for the information.

The tools used for the illustration are graphite, pen, and black ink. The total amount of time spent on the drawings reaches almost 9 hours.

Adobe Photoshop was used to get the flat, yellow background and the patterns.
