Professional Experience and Curriculum Vitae

As a graphic designer I've been away from the pen & paper approach to artwork since the advent of desktop publishing in the early 1980's. But I love incorporating calligraphy into art forms, and creating abstract fantasy landscapes and am just recently beginning to get back into more of the organic hands-on type of work that I used to do.

Previous Clientele

Santa Barbara Women's Health Coalition, XXI Century Kids 1st Foundation, Goleta Medical Center, Lompoc Pops Orchestra, Lompoc Mural Society, The Bo Eason Experience, Charlotte's Web Children's Library, Better Beds & Furniture
