### **Professional Experience and Curriculum Vitae**

My name is Amrit Singh, an award-winning creative designer, artist, traveller and international broadcaster.

I'm one of the top creative live broadcasters on Periscope, Busker and Live Me platforms. On periscope I'm a periscope VIP gold member, and have travelled the world creating art, broadcasting and doing humanitarian work. I have been using Periscope for over a year now and in the short space I have nearly 30,000 followers and over 12 million hearts (likes).

I started InkANIMA.com in August this year and after gathering the courage to create the intricate ink drawings live on Twitter's live streaming platform, Periscope I quickly started to get a lot of amazing feedback. Shortly after creating my first few ink drawings, Periscope featured one of the broadcasts which was seen by over 110,000 people around the world!

Now my ink drawing broadcasts get thousands of people watching, I have sold prints, and last week, I published my first adult colouring book. Last month I was invited to San Francisco as a live streaming influencer and to exhibit my work in an exhibition at the Meeting of Styles festival, it was amazing!

### **Previous Clientele**
