Professional Experience and Curriculum Vitae

I was born in Buenos Aires in 1972. Graduated from Manuel Belgrano (1991) and Prilidiano Pueyrredón (1994) Schools of Fine Arts. Post graduate course in Ernesto de la Cárcova (1996). Though I focused at first on engraving techniques as xylography and lithography, the computer changed my life and made things easier (no brushes to clean after working was great) I mostly work with vector shapes, anyway, I may also use textures and collage in photoshop.
