Professional Experience and Curriculum Vitae

Hey!

I'm Nathan Linney, designing for many different needs, I love everything creative, often finding myself enjoying the exciting designs that I encounter daily (and hating many poorer designs!).

I am currently finishing studying graphic design at A-Level looking forward to continuing the adventure at Cumbria University.

I enjoy traveling and music - there's always great pleasure to be had from strumming one out... on the banjo.

Check out my website at Loose Bait Design for more detail and work!
