WHAT PACKING MATERIALS ARE NECESSARY TO MOVE LIKE A PRO?

01 | Dish Pack Cartons

These are extra sturdy cartons with double-wall construction for all the breakables such as china, dishes, crystal and also glassware.

02 | Small Boxes

Small, easy to handle cartons, ideal for items like books, CDs, tools, and canned goods 1.5 cubic feet.

03 | Standard and large boxes

They are ideal for most items in home, from small appliances to knick knacks, pots and pans, kitchen appliances, electronic equipment, pillows, toys and lampshades.

04 | Packing Paper

It is used for void/fill and provides protection against vibration and shock. It can be utilized for just about every item in the house - from fragile knick knacks to dishes, toiletries and toys.

05 | Bubble Wrap

It's designed to add the extra cushioning. Protect the fragile items, such as glasses, saucers, china, fragile figurines and collectibles. It can be used to cover breakable items, safeguard surfaces from scratches, or as a protective space filler.

06 | Moving Blankets, Pads and Furniture Covers

They all protect items from scratches, dust, and dirt when moving. Designed to keep items clean, dry and tear-free!
