Professional Experience and Curriculum Vitae
Hello! My name is Phoenix and no, I was not born there, nor do I live there! I'm from right outside NYC and am finishing up my final year at RIT, majoring in New Media Design. I'm interested in all types of design, especially branding, advertising, and web.

I love traveling, the color lime green, thunderstorms, people watching, photography, jumping in puddles, puzzles, bright colors, being creative, the Coca Cola Company, wine, Paris, winter, hockey, cowboy boots, the number 3, monkeys, and surprises. I was also born with albinism and I'm proud of it!
