Professional Experience and Curriculum Vitae

Born in Cannes, France, in 1973 of artistic milieu, Charles-Henri, grew inspired all the way to this point in time with visions. Visions of people, situations and dreamy landscapes, strong portraits and emotionally charged images. Although a confirmed professional, he is still looking for the light as he wanders about a world of pictures. People are his primary concern, priority and passion. These and their emotions in constant share with the wins and struggles of life but mainly the path. He's strongly motivated by his thought that Photography was invented by and for the being and not the still.
