Professional Experience and Curriculum Vitae

I've been photographing moments, adventures and people for nearly 10 years. Freelance photography began for me in 2007 and I'm loving every minute of it!

I've always had an artist's perspective with a knack for creativity. Being on the other side of the lens makes me feel like I'm in a different world.

My greatest passion is to create one of a kind art pieces for people and their families to cherish.

I hope that you enjoy looking through my eyes.
