### **Professional Experience and Curriculum Vitae**

I am a professional artist specializing in graphics and ballpoint pen art. I worked in just about every medium you can think of, but I was always drawn to my childhood hobby of drawing with a basic ballpoint pen.

In order to create a wonderful piece of art, one doesn't need a very extensive workshop or spend a lot of money on the art supplies. With a basic ballpoint pen and a sheet of paper you can create a masterpiece.
