Professional Experience and Curriculum Vitae

I am a Fashion Illustrator, have drawn for ELLE & Harpers (HK China) for more than total of 8 years when I returned to Hong Kong from a 9-years' residence in New York, the USA. In HK, I have drawn freelance for more than 18 years for an American fashion resource magazine, INSIDE FASHION as well as their StyleBooks, seasonal collections of forthcoming fashion trends.

I am also a former architect with work experience covering Kuala Lumpur, Msia, HK SAR and NYC, USA. I went back to school at the F.I.T., New York where I studied Illustration.

I also have a part-charity website for my art prints, very different from fashion. Here it is: <http://pristang.com>
