Professional Experience and Curriculum Vitae

I'm a self-employed artist living in Leeds, West Yorkshire. I work mainly in acrylics and oil. Abstracts and figurative work are my favourites to paint, with a strong emphasis on colour, form and atmosphere. I want the viewer to feel like they can step into the canvas and wander through my painted landscapes; to enjoy the bright colours in my abstracts. As I'm based in Yorkshire, a lot of my paintings are of places I've lived in, visited or where I walk my dog! I also do knit wear designs for selling in local shops and online.

Previous Clientele
