Professional Experience and Curriculum Vitae

My name is Radu Pop and I live and create in Bucharest, Romania. I finished art school last year so I can be officially called an artist now :). My art is composed of random weird things mixed by the blender in my head and then thrown onto different medias in different styles so it fits the brief.

I'm a bit of an introvert kind of guy so I try the best I can, to expose my self to the world through my art.

Beside illustration I also do animation, as I believe these two help me become a complete artist.
