Professional Experience and Curriculum Vitae

We operate a closed-loop photography system and supply finished, retouched and repro-ready CMYK images as well as original RGB files. Expect excellent images which you can instantly use for your next catalog, brochure or website. Our location in Shanghai, the heart of China's economy, allows you to centralize your entire sample photography needs even before your products are shipped overseas. This saves you time, costs and makes your life easier. Our clients include IKEA, Philips, Bertelsmann, General Electric, ABB, Elle Fashion Magazines, Wuerth, Lux Tools, and Paulmann among many others. Visit us on the web to find out more: www.rimagine.com
