Professional Experience and Curriculum Vitae

Roxanne Fay is a free-spirited island girl from Palawan, Philippines but she is currently based in Cebu, Philippines. She loves using graphite, her most comfortable medium. To date, she is exploring watercolor and colored pencils and digital painting (finally). Hopefully, she'd like to do design and character illustrations in the future.

Other than creating art pieces, she also loves events planning and fashion styling. She's a bookworm, crime novels on top of her list, but reads romantic novels from time to time.
