Professional Experience and Curriculum Vitae

I am a 30 year old, self-taught Brooklyn based photographer. Earning a BA in History allowed me to investigate the things that have occurred in the world of which I knew nothing about. In that same spirit, photography allows me to be curious about the world and what surrounds us. I enjoy saving poignant moments through a visual medium, documenting lifestyle often fulfills this need quite nicely. I love what I do. When not at home shooting I can be found traveling in search of surf and inspiring natural lighting. My desire to capture images that help viewers imagine the instant the shutter clicked fuels my passion to combine beautiful light, people and places.
