Professional Experience and Curriculum Vitae

I am Ramo Bledar, a web designer and developer who loves to build beautiful and well structured web sites . After several years working as designer/developer with IT companies , I left to develop and expand RamoService full-time . I work with individuals, companies and other design studios to produce professional, high quality websites and blogs.I have been programming for over 4 years now and am proficient in xHTML/CSS, PHP, and jQuery and of course Wordpress / Thesis Framework . Don't hesitate to contact me with any questions or business inquiries you might have.
