## Professional Experience and Curriculum Vitae

I'm a photographer, designer, and Web geek who lives and works in Maine. I drive a green VW Golf named Tyrtle and I wear pink sneakers.

I've been taking photographs for 5 years as a means of self-expression. My work focuses on the transformation of personal spaces into surreal landscapes of life. The majority of my ideas are born out of a desire to capture common themes, experiences and stories from everyday life, but with an ironic twist. I see everything I do as a picture of the human mind, magnified tenfold, so that we see all the darkest corners.

If you like what you see here, please visit my prints shop at [calobee.etsy.com](http://calobee.etsy.com), or my blog at [blog.sixhours.net](http://blog.sixhours.net).
