Professional Experience and Curriculum Vitae

Canadian born Director/Photographer Stewart Cohen is known for his boundless energy in capturing the spirit of the people he directs. Shooting both stills and motion, his work is being utilized extensively in the world of interactive media.

Stewart studied photography at UT/Austin, assisted with Helmut Newton and then went on to complete the film program at USC. He has been featured in professional publications such as Communication Arts, PDN, ASMP and the British Journal of Photography. Stewart has shot on all seven continents for major commercial clients. His first monograph "Identity" was released April 2010.
