Professional Experience and Curriculum Vitae

Born and raised in Venice, California, Tansy Myer came of age among the eclectic artist community of the Venice Boardwalk. Tansy went on to study at Goldsmiths College in London and received her B.F.A from UCLA. Part pin-up, part portrait, her work celebrates the link between adolescence and adulthood, innocence and sexuality, and is a look into how women define themselves. Based in Los Angeles, Tansy works as an artist, illustrator and designer, creating digital art as well as painting and drawing strange, pretty, and nerdy girls.
