Professional Experience and Curriculum Vitae

Thesign Lab is a laboratory of creatives, designers and architects that operate in the visual and projectual field.

In 2005 Thesign Lab became reality and began to operate between two Italian cities: Turin, a post-industrial city and Lucca a Tuscany historical town. In 2010 thesignLab began to operate in Bruxelles.

Thesign Lab lives between these three cities. Observing their realities, he works with enthusiasm, aware that design means analysing the society in which he lives and offering creative solutions through his own skill and open-mindedness.

Awards and Accolades

Domenico Raimondi. Designer. After his technical studies, he achieved a degree in Interior Design at the European Institute of Design in Turin in 1999.

He then awarded an International Master's degree in Landscape Design at the Research Center of the European Institute of Design in Milan.

He has always operated as self-employed in the interior design field in particular, and as coordinator, arranger and manager of workgroups for several projects from concept (masterplanning) right through final execution.

His activity is developed in the projectual and visual fields and especially concerns interior and museum design, exhibition stands and graphics, events, image promotion, communication graphics, videos and brand promotion.

Since 1999 he has regularly cooperated with professional offices and companies for whom he has realized several design and communication projects, and with local institutions and leader companies through successful synergy with their marketing departments.
