Professional Experience and Curriculum Vitae

I am a graphic designer, however I also spend a lot of time with photography, and illustration. I especially enjoy design for print as I love the process from design through to the print finishing. However, I also enjoy designing websites, and am developing skills in 3D modeling.

I am always up for a challenge and am a quick learner.

Check out my website at <http://www.toddpadwick.co.uk>, and I also have a blog which has all my inspiration on here: <http://toddpadwick.tumblr.com/>
