Professional Experience and Curriculum Vitae

Hello! My name is Valerie. Right now, I'm studying towards a Bachelor of Design in Visual Communication Design at Massey University, Wellington, and have just finished my third year.

I have endless motivation and aspiration for the future. I'm a conceptual and creative thinker, with interests in design for business, brand and marketing communications, service and experience design, rapid ideation for advertising, art direction, copywriting, and typography. Most of all, I want to be in environments that contributes positively to people's lives.
