Professional Experience and Curriculum Vitae

in 2nd year my study of design graphic, i have a much motivation to learn more about illustration. by browsing and sharing with my online community friends. focused well in illustration diciple, my illustration style r emotional, eye candy, sweet, little psychedelic, and sometimes ornamented well.

now, i work as a freelance illustrator. that accepted an individual works, or collaborated/group project. beside an illustrators, with my friends we have a creative boutique, that called as "6watt". this studio work for more corporate project, like branding and company product promotion.
