Professional Experience and Curriculum Vitae

I am a painter, printmaker, and illustrator whose work has been heavily influenced by the leading Pop artists of the latter part of the twentieth century, and more recently by graphic designers and commercial illustrators. I love working with simple shapes filled with flat areas of color. I've learned it is hard to get to "simple" yet this is always my goal.

My paintings use acrylic paints on canvas or linen. All my silkscreen prints are hand-pulled using water-based inks. My drawings are accomplished in pencil or marker pens on paper or drawn on the computer using Adobe Illustrator.

Previous Clientele

Painted portraits on commission for many private clients; created digital portraits for private as well as commercial use on websites.
