2piu2design found her artist name working a self-portrait, when she was 22 years old. After studying at the Fine Art of Bologna, she began working on a computer in the 2000s. In 2004, after having taken lessons of multimedia design, she really starts to express herself with the software illustrator, conducting her first vector graphics. Fascinated by the street art work she works from photos. She is inspired by René Magritte, Salvador Dali, Vincent Van Gogh, Jackson Pollock, Banksy Wittegenstein and philosophers of the twentieth century, and especially the roads and the web.
