#### **Professional Experience and Curriculum Vitae**

Having just graduated from an Illustration BA (Hons), I'm embarking on a career in Freelance Illustration. I love to illustrate anything and everything, and relish the challenge of trying to communicate an idea or concept in the clearest and most visually striking manner.

As well as working on illustration projects I produce narrative and art books which I design and self publish, and run a small business with my partner screen printing posters and t-shirts.

#### **Previous Clientele**

Amelia's Magazine, Creative Boom, Oxygen Creative, Hello You Creatives, We Are Words and Pictures, Brewers Fayre, Hull School of Art and Design
