Professional Experience and Curriculum Vitae
The work of Mary Winkler (aka Acrylicana) is vivid and whimsical. It's often child-like in theme, depicting sweets, fanciful creatures and rainbows as well as exploring the world of fashion and garment in illustrated form. Done in a variety of media, including digital, acrylic, watercolour and ink, Mary's work is pop art, graphic and, for lack of a better word, sparkly. Her work is painted on canvas, a variety of papers or printed by way of giclee ink jet or silk screen (usually onto fabric for pouches/bags). Mary studied Illustration at College for Creative Studies in Detroit, Michigan.
