Professional Experience and Curriculum Vitae

I'm italian. i'm 29. I'm (mostly) a set designer and stop-motion animator.

I love puppets, paper, animation and everything is hand-made.

I have a serious tv-series addiction but my doctor says i have nothing. As he always does.

I'm also a kind of nerd, but i'm trying to keep it secret.

You can check my works on my website.

I work with my hands, my brain(s), my heart, any kind of materials, computers (Adobe Suite, Avid Media Composer, Dragon Stop Motion, Final Cut and bla bla bla...), and candies :)
