Career Highlights
Identified cost saving solution to reduce errors by recruiting a proofreader to fix copy errors before releasing files to printer, resulting in a cost savings of $120 thousand per year.

Solved a problem in meeting a deadline with a limited staff and budget, by utilizing the printers production staff to version the project at an average savings of $8,500 per year and a significant time savings to meet our deadline.

Acted as creative director, art director, designer and production designer for a period of six months while the marketing department was in transition.
Worked one on one with the founder of the company to execute his creative ideas while retaining the identity of our brand standards.
My designs resulted in consistent or increased sales for Uno's Chicago Grill during challenging market conditions.
Designed a highly praised kids menu campaign, which helped earn Uno the 4th Top Restaurant for Families by Parents Magazine.
