Professional Experience and Curriculum Vitae

Based out of Sydney, I tend to be found with a coffee in one hand, the other hand out the window, music blaring, sunglasses surgically attached to my earlobes and driving along by thought and the occasional knee.

I'm a photographer and director/producer. I trade in love, beauty, mystery, iconography, the internal logic of Monty Python and have an undying belief in the miraculous properties of macchiato's at 4 in the morning.
