Professional Experience and Curriculum Vitae

Alma Haser graduated last summer, completing her BA (Hons) in Photography in Art Practice at Nottingham Trent University.

Bilingual in English and German, she comes from a family steeped in arts and the creative industries, both in the UK and in Europe. Aged 13, she accompanied her mother and younger brother on a round-the-world trip, culminating in a six-month stay on the Cook Islands in the South Pacific. Travel continues to be one of her great passions.

Alma has gained first-hand knowledge of the art gallery business, in both private and public sectors, assisting with dozens of exhibitions at Ale & Porter Arts in Bradford on Avon, near Bath, and subsequently at the New Brewery Arts in Cirencester. Her publicity photographs were regularly used as large-format exhibition interpretation boards and posters, exhibition invitations and advertising materials for the artistic programme at New Brewery Arts.

Additionally, she has contributed images for mass-market books published in the UK and the US.
