Professional Experience and Curriculum Vitae

Sydney Anchor Points is the most trusted height safety firm in Sydney. With a team of experienced height safety professionals Sydney Anchor Points provides innovative and cost-efficient fall arrest systems for domestic, strata managed and commercial properties. Sydney Anchor Points is committed to providing the highest standard of height safety with the best possible value for money. The industry experts at Sydney Anchor Points can design, install and certify safe roof access systems that are compliant with Australian Standards and codes.

10 Reasons to choose Sydney Anchor Points

1. The #1 Sydney anchor point installation team
2. Over the phone obligation free quotes
3. Anchor points, ladder brackets and access hatches
4. Solutions for tiled and metal roofs
5. Industry experts
6. Free roof inspection
7. Highly recommended
8. Sydney-wide service
9. Great rates
10. Free certification reminder service

Sydney Anchor Points services some of Australia's largest managed properties. But they provide the same high standard of service and care when visiting a residential home as when working with a major government department property.
