### **Professional Experience and Curriculum Vitae**

Hello, my name is Andrew Salfinger and I'm a Perth based graphic designer.

I have been in the graphic design industry as a freelance designer for over three years now. I try to bring a unique style and feel to each design which I think comes from my love of video games (Nintendo) and music that helps transfer over this illustrated type design I have progressed over the past couple of years.

My design interests lay in logo/branding, motion graphics, illustrations, collecting graphical art, blogging, giving feedback, package design, and typographic design to name a few.

I strive to make the design process as easy as possible for you and making your design dreams come true improving and learning with each task.

If you're in need of design work such as a logo, intro, banner, icon, 2D/3D work or other, then you came to the right place.
