Dear Creative/Art Director,

I am very interested in working with your company and see the opportunity as an exciting experience. I look forward to working out original ideas as a team. I specialize in technical and scientific illustration, working also in design and architectural illustration. I consider myself to have a broad skill set which would be valuable when designing and illustrating for your company.

I believe I can be of important use by applying my skills and good work ethic. I am very versatile and can adapt my art to different styles, applications and uses. I am proficient in both MAC and PC platforms of Photoshop, Illustrator, Flash, After Effects, InDesign, SketchUp and Strata. I am very driven and work well with deadlines.

If you'd like to take a look at some of my work visit: www.andymora.com

I hope to hear from you soon and very much look forward to a productive working relationship. Thank you for your time.

Sincerely yours,

Andy Mora

Resume of Andy J. Mora

- 3237 3rd line Innisfil, RR1 Cookstown ON L0L 1L0 • (705) 458-9513
- andy@andymora.com

Objective

It is my objective to work as an illustrator/designer providing original ideas and innovations using the artistic training I have learned.

Summary

I completed my fifth year of post secondary education involving art, illustration and design earning my BAA at Sheridan College. I have gained experience in a variety of media and software. I have freelance experience designing logos, web sites, magazine ads, brochures, murals, mechanical drawings, tattoo art and illustrations for magazines. I am currently working as a freelance illustrator.

- Training in Adobe Illustrator, Photoshop, Flash, Strata, After Effects, Dreamweaver, and InDesign.

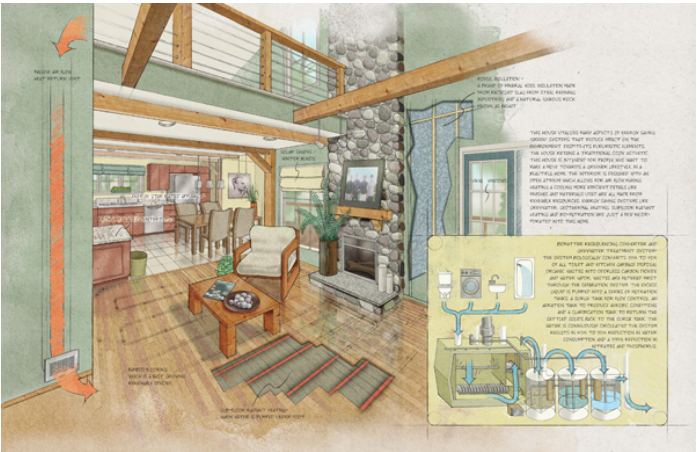

Along with some experience in AutoCAD, ProEngine and Microsoft Office.

Experience with media such as: water color, acrylic paint, marker, pencil crayon, ink, pastel, 3D modeling and digital rendering.

Experience
