Professional Experience and Curriculum Vitae

Anemites es una fotógrafa y retocadora autodidacta e independiente, con sede en Córdoba - Argentina.

Su especialidad como retocador es retocar personas, independientemente de que sean fotografiadas en estudio, o en un lugar interior / exterior.

El Trabajo retoque es adaptativo, y el tratamiento está determinado por las imágenes y el estilo del fotógrafo, tras una cuidadosa consideración y discusión con el cliente. El objetivo del retoque es que la imagen fotográfica se vea excelente, pero no necesariamente con el "look de retoque".

Le gusta retocar jóvenes y viejos, hombres y mujeres, animales, objetos y paisajes...

También se aprecia una buena comunicación con el cliente y es honesta acerca de sus habilidades y las limitaciones de lo que se puede hacer con una imagen.

Cree que el trabajo habla por sí mismo, así que échale un vistazo al Portfolio y la sección de Servicios.

Anemites is a freelance and self taught photographer and retoucher based in Cordoba - Argentina. Ready to work with photographers around the world.

Her speciality as retoucher is retouching people, whether they are photographed in the studio, or in an interior/exterior location.

Anemites work is adaptive, and the treatment is determined by the images and the photographer's style, after careful consideration and discussion with the client.

Retouching is aimed at making the photographic image look great, but not necessarily aiming for a 'retouched' look. She enjoys retouching young and old, men and women, but above all she enjoys a well lit photographic image, shot by a professional photographer. She also appreciates good communications with the client, and is honest about her abilities, and the limitations of what can be done with an image.

Believe that work speaks for itself, so take a look at the portfolio and services section.
