Professional Experience and Curriculum Vitae

I was born in Italy, in 1988, but now I live in the center of Connecticut, USA. I started drawing when I was a child, continually looking for ideas that would increase my knowledge. When I was in college I always spent my free time writing articles on astrology topics like get boyfriend back by black magic. After graduation at the Art School, I started working as a Graphic Designer in several fields, such as Toys, Apparel, Communication.
