Professional Experience and Curriculum Vitae

Known to his friends as ANTZ describes his art as "Crazy and Self-portrayal". He illustrates his inspiration from the places he goes and the people whom he talks to, as well as "anything i see and everything i feel."

With Urban art and Graphic design as his passion, ANTZ hasn't strayed too far from his formal training in animation at his local Singapore College - Nanyang Polytechnic. But now that he's finished and graduated, he wants to broaden his talent and work on collaborations and fusion artworks with others in the field, as well as his design group who are called THE GEEKSIGNERS.

"Design is very much influenced by one's culture and what works in one context may not work in another. Thats one important lesson i've learnt".
