**Professional Experience and Curriculum Vitae**
Apostrophe Digital is a creative digital agency.

Apostrophe designs, develops and releases software utilities, applications and sites for the mobile and web-based platforms.

As digital consultants, Apostrophe's team advises and assists companies and brands in exploring new marketing approaches and deploys the most up-to-date technical solutions. The agency is made up of young professionals with expertise in emerging media who specialise in customised and interactive experiences.

The cultural mix in Apostrophe's team matches the sound IT experience of Asian engineering with the creativity and inspiration of European design and art direction. This blend of backgrounds, skills and flair creates a distinct agency that is able to deliver effective design-led solutions on both mobile and the world wide web.
