## Professional Experience and Curriculum Vitae

Arthouse was born out of the desire to foster and cultivate talent, both emerging and established, through an individual approach to Artist representation, and a keen motivation to facilitate the creative visions of our clients. We aim to provide unparalleled quality of work by nurturing the talent on our roster, allowing them to create inspired and seamless results for our clientele.

We are a collective of insightful thinkers & connectors, with a discerning eye for talent, and a desire to merge art & commerce without sacrificing integrity.

We are grateful to be “in the company of artists”.
